

The image shows a teal line graph with a light teal shaded area underneath. The x-axis represents years from 2008 to 2012. The y-axis represents a value starting at approximately 100 in 2008 and rising to about 160 in 2012. Three circular markers are placed on the line at the years 2010, 2011, and 2012. A black arrow points upwards along the right side of the line, indicating growth.

A teal line graph with two circular markers. The line starts at the bottom left and ends at the top right, representing a positive linear relationship.

A decorative horizontal bar at the bottom of the slide. It consists of several colored rectangles: a small yellow square in the center, followed by a larger orange rectangle, then a green rectangle, and finally a long yellow rectangle extending across the rest of the bar. The entire bar is set against a white background.

A horizontal bar chart with four bars of increasing length from left to right. The first bar is orange and labeled 'Development (49.36%)'. The second bar is light orange and labeled 'Other (30.36%)'. The third bar is red-orange and labeled 'Technology (13.33%)'. The fourth bar is red and labeled 'Science (7.25%)'.

Category	Percentage
Development	49.36%
Other	30.36%
Technology	13.33%
Science	7.25%

great new features released well behind schedule. The first update will support Windows 10 and will include fixes for known issues. It will also add support for the new GPU rendering system. The team has been working hard to bring this update to you as quickly as possible. We hope you enjoy it!

you for this incredible work.

You for this incredible year,
